Officials of the Hospital and Dispensary to Serve Their Terms.

School Closed on Account of Diphtheria -A Job for Dawson-Saloon Keepers Paying Up.

The Board of Health decided yesterday to make no appointments in either the hospital or dispensary service until the terms of the superintendents of these two branches expire. This means that the superintendents of the hospital and dispensary will remain in office until Dec. 1, 1894. President Hays, of the board, stated last night that the old Board or Health had allowed the Republican officers to fill out their terms during the Democratic administration. While the board does not necessarily believe that this establishes a precedent, yet it believes the interests of the public would be best subserved by the retention in office of the forces until the terms expire. It is the unanimous opinion of the medical profession that the officers should be allowed

to fill out their terms. The board was greatly surprised at its meeting when the committee which had passed upon Hudson's merit as a plumber, after examining him, asked that the committee be allowed to rescind its action in passing him. The committee, which consisted of two plumbers, said it thought that Hudson was not a fit man for the place, although scarce a week ago, after examining him, it reported that he was qualified for the position. It will be remembered that a committee from the Master Plumbers' Association called on the Mayor a few days ago and said the association had "rescinded" the action of the committee which had passed Hudson, and, in a second breath, told the Mayor that the examining committee was not appointed by the association. The Board of Health decided to take no further action in the matter, but will wait till after the Council meeting on Monday before committing itself. The Council will no doubt abolish the office.

This examining committee, composed of P. J. Freaney, James McGauley and J. S. Farrell, yesterday sent to the Journal a letter, in which they say "We examined Mr. Hudson, as provided for in the foregoing section, as a plumber and mechanic, not on personalities, and he passed an examination to the satisfaction of the board. We have no favors to ask of Mr. Hudson, nor have we ever had any difficulty with Mr. Judd, the present inspector. Finally, we took no part whatever in the

appointment of Mr. Hudson, and acted in

the matter as any representative master plumber should do under similar circum-Superintendent Jones, of the School Board, appeared before the doctors to talk with them about the appearance of diphtheria to an alarming extent at school No. 27, located at Park avenue and Eighth street. After explaining the situation, the Health Board concluded to order the school closed until it can be disinfected and some necessary repairs made. This is the same school that was closed last winter on account of diphtheria. The doctors were of the opinion that there was no danger to the

#### DELINQUENT SALOON KEEPERS They Have Been Paying Their Licenses Since Election.

Since the election twenty-six saloon keepers have come into the Controller's office and paid their license fees of \$250 each. Many of them were delinquent from a month to seven months, owing to the favors shown them by the late Sullivan administration. The receipts in October from the liquor licenses amounted to \$6,500. The following were the delinquents that have settled with the city since the election and the length of their delinquency: Smith Saltcorn, 196 Dillon street, one

There are still a number of delinquents, but they will be made to come up and settle with the city in short order.

#### THREE MORE PLUMS. Board of Works Appointments-New

Chief of Assessment Bureau. The Board of Works, yesterday, made a change in the assessment roll bureau and, after deposing Chief Clerk John F. Reynolds, appointed M. L. Jefferson to succeed him. Mr. Jefferson has been in the county assessor's office and, for a number of years, has been the only Republican above the courthouse basement. The position is in

fitness for the work. The salary is \$100 a month. John W. Pfaff was appointed a clerk in the same bureau to succeed George Werbe. The salary was reduced from \$70 to \$60 a month. John Crane was appointed custodian of Greenlawn Cemetery, to succeed John Gar-rity. The salary is \$60. The board also approver pay-rolls as follows: Foreman street repairs, week ending Oct. 26, \$1,008.75; week ending Nov. 2, \$690.29;

sewer gang, week ending Oct. 26, \$42.26;

week ending Nov, 2, \$54.30; bridge gang, Oct. 26, \$63.80; Nov. 2, \$52.40.

the nature of a promotion on account of his

## NO CHANGE OF SEWER

#### It Will Go Down in Mississippi Street for Various Reasons.

The Citizens' Street-railroad Company will not probably construct an electric line up Mississippi street this winter. Assistant City Engineer Dean, to whom was referred the matter of changing the sewer in Mississippi street, said yesterday that he would advise the Board of Works not to change the course of the proposed sewer. the sewer besides Mississippi street is Tennessee. To put the sewer in this street would be expensive, and it would not give as satisfactory service perhaps as a sewer in Mississippi street would. The asphalt on Tennessee street would have to be torn up for a number of blocks and the drop into the Pogue's run sewer would not be as good as it will be from Mississippi street.

## DAWSON A BAILIFF.

## He Will Preside in the Police Court-

Other Changes. Superintendent of Police Powell has decided to appoint ex-Captain Dawson as bailiff of the Police Court, with the approval of the Board of Safety. This position is almost as lucrative as a police captainship as it is more desirable in many respects. the duties being much lighter. Bailiff Schwab, who was expecting to be released altogether, will be made a sergeant as soon as Sergeant Wilson resigns. Wilson has been given employment as a special policeman at the Park Theater and he has notifled the superintendent that he intends to resign. Dawson is happy, Schwab is ditto and Wilson apparently likewise. The read-justment puts Schwab, a Democrat, in the place to be left vacant by Wilson, a Demo-

## THAT OVERDUE RENT.

## Splitvan Machine Let the City Get Be-

hind Two Years. Among the heirlooms left by the wonderful Sullivan "business" administration is a bill for two years' rent of the City Hall, amounting to \$3,600. Deputy Auditor Johnson presented the bill for the current year several days ago. He presented the bill for the delinquent rent a number of times, but the officers did not seem to be in any hurry to devise plans for paying the amount due the county. For some unexplained reason the machine did not appropriate money for paying the rent, or if it did, the money never reached the county authorities. It seemed to be the Sullivan plan to go in debt for everything that could be obtained

without paying for it. Big Four Took Out the Permit. The Big Four company took out the building permit yesterday for the \$44,000 round house near Dillon street. This is

the permit that the late Sullivan administration failed to obtain from the company. It is not known whether or not the plans for the structure were approved by the building inspector. The Big Four company paid \$22 for the permit.

## No Appointment Yet.

Mayor Denny did not appoint the Democratic member of the Board of Works yesterday, as he intended to do. He has his mind made up, but he desired to see several gentlemen who desired to present the claims of a candidate. The Mayor left his office last night with a severe headache. The appointment will be made on Monday.

## To Remove the Fruit Stands

Building Inspector Pendergast intends to have a talk with the Board of Works next week regarding the removal of the fruit stands from the principal street corners He does not believe that these stands have any more right to use the sidewalks than they would have to do business in the

## WILL REMEMBER HIM

Many Pensioners Are Barred Out by Hoke Smith's Rulings.

Had to Borrow Money to Get Home On -Statistics of the Present Quarterly Payment.

The quarterly pension paying time is on, and the United States pension office on West Maryland street resembles a big beehive. The first vouchers were honored at 6 o'clock yesterday morning, and long before that hour many stragglers were about the doors. When the doors were thrown open the rush was unusually heavy. More pensioners called for their money than have ever done so before at the Indianapolis office. It is said that since the last quartedly payment over one hundred pensioners have been dropped, and nearly five hundred have had their payments held up pending an investigation. This caused much hardship, as many of the veterans thus barred out had to borrow money to get home on. Some of the old soldiers, after receiving their checks, took occasion to shake hands across saloon bars, and as a consequence the police were on the lookout for sharpers. No robberies were reported, and the police refrained from arresting any of the veterans as long as they were able to navigate. The banks did not have the money at the office with which to cash the cheeks, and there was some complaint at this, but all the checks presented at the banks were cashed. During the day there were 3,452 pensions, amounting to \$132,392, paid over the counter. This is the largest number ever paid over the counter at the local office in one day. There were 5,210 pensions, amounting to \$200,585, paid by mail. There are yet 62,339 pensions to be paid this quarter, and Pension Agent Engley expects to pay them at the rate of 15,000 a day. The total pension roll at this agency now amounts to \$2,700,000.

## LETTER-WRITING BURGLARS

Were Not Entirely Pleased with Their Visit at Wulschner's.

Last Friday night the residence of Emil Wulschner, at Meridian and St. Clair streets, was entered by what seemed to be a hungry as well as thirsty lot of burglars. The family were away at Asheville, N. C., and only a colored domestic at the house. The burglars broke through a window in the rear of the house and proceeded to help themselves to canned fruits and produce in general. The door leading to the dining room was so securely fastened they did not get it opened and the rest of the house escaped their depredations. Although the midnight visitors were fond of drink and although they carried several cases of wine and beer away with them they did not make enough noise to wake the domestic, but left in a grocery book the following note: "Say you G--d d--d chumps, you want to have that middle door open the next time we call at your residence. We had a very pleasant time drinking wine and beer while

pleasant time drinking.
visiting you. Good-bye.
"THE BURGLARS. "Times are hard, your beer is extra fine." About \$25 worth of wine, beer and canned goods were taken.

## Seeking His Sister.

A. C. Yound, of San Francisco, Cal., is in the city searching for his sister, Mrs. Samuel Kiefer, who, he thinks, is a resident of Indianapolis. Two years ago Yound received a letter from his sister which stated that her husband had been a member of the Indianapolis police department, but a year before had been killed. The officers do not remember the circumstance, and have no knowledge of the department having had a patrolman of the

## John A. Childs Insane.

A gentleman recently returned from Portland, Ore., reports that Mr. John A. Childs, whose departure from this city, twelve or fifteen years ago, created a social sensation and scandal, is now hopeless-ly insane, and an inmate of an Oregon asylum. After leaving here Mr. Childs went directly to Portland and established himself in the drug business.

## Paying Their Taxes.

Yesterday was next to the last day for paying city and county taxes, and from early morning until the doors of the county treasurer's office closed in the evening the office was crowded with people who were anxious to cancel their tax obligations. To-morrow is the last day of grace.

Yesterday morning a national committee of the F. M. B. A., comprised of James Welsh, of Rensselaer, chairman, Miss Alice Potts, of Greenfield, and others held a secret meeting at English Hotel.

## The Marlowe.

The annex to the Marlowe Apartment House has just been completed by Mr. R. R. Shiel. The new building has a frontage of eighty-two feet, is four stories high; has five store rooms on the first floor and thirty suites above. There are nine bath rooms equipped with the latest and best plumbing appliances and porcelain bath tubs. On The only available street in which to place | each floor there are three bath rooms, hot and cold water and a dust shaft, where all sweepings and dust can be emptied. In each suite of rooms are a grate and register; heat is furnished without charge. No cooking is allowed in the apartments as there is a well conducted cafe on the first floor. Applicants for suites are required to fur-

nish the best of references. Mr. Shiel may well feel proud of his completed Marlowe Block as it stands to-day. The total frontage of the Marlowe on Indiana avenue is now 164 feet and in the building are nine commodious store rooms and eighty attractive suites, forming a most

substantial improvement to the city. In Boston, New York and Chicago the apartment house has become the popular home, thousands of people availing themselves of this mode of living. Situated as the Marlowe is every inducement is offered to the business man to locate there for the winter. The heart of the business section is but three blocks away; every theater can be reached within five minutes; the electric cars passing the house give quick and easy communication with distant parts of the city; there is no place in Indianapolis where so many conveniences can be had for so moderate an outlay. Hankel & Arrick are the agents for the house.

## VALUE OF ITS ASSETS

Premier Company Had Over \$86,-000 of Personal Property.

Verdict for Heavy Damages Stands-Various Divorce Cases-Court Miscellany.

The report in detail of the appraisement of the real, personal property and plant of the Premier Steel Company was filed in the Circuit Court, yesterday, by Receiver McGettigan. In round numbers the appraisers, Major Collins and A. G. Renan, placed the total valuation of personal prop-

erty at \$85,623.34. What the appraisers considered personal property varies from the inventory filed by the receiver in some respects, as the receiver designated certain articles as personal property which the appraisers consider as part of the plant; such as rolls, ingot flasks, etc. The report covers 106 pages and is the result of fifteen days' labor. Owing to the unsettled condition of iron and steel industries it would not be doing justice, it is stated, to either the proprietors or their creditors, to appraise the plant at this time. In six months from date there may be a great change in the values, and by deferring action about that long a time will probably result to the better satisfaction of all interested.

## THE DECISION STANDS.

Waldron Will Get His \$7,000 Damages

from the Theater Managers. Judge Howard, of the Supreme Court, yesterday handed down a decision in the Dickson-Waldron case, in which he refuses to grant a rehearing. The case was appealed to the Supreme Court by the attorneys of the appellant. In 1887, Henry Waldron, in a dispute with the doorkeeper at the Park Theater over the purchase of a ticket, was thrown down the stairway and on to the sidewalk by a special policeman. Waldron claimed serious injuries and brought suit for damages. In the Superior Court he was awarded \$7,000, but the proprietor of the theater sought the intervenion of the Supreme Court. After a long delay the decision was affirmed and then a petition for a rehearing was filed. Judge Howard, in refusing a new trial, contends that the theater company was responsible for any wrong act of its agents committed while on duty.

#### Divorce Hearings.

Judge Winters listened, yesterday, to the divorce proceedings brought by Corena Plummer against Erastus Plummer, a wellto-do farmer of Washington township. The wife urged drunkenness and brutal treatment as grounds for the divorce which the Judge will grant to-morrow. In the meantime the separating couple will agree as to a division of their property.

Judge Brown granted a divorce to Martha Nutter from Andrew Nutter, on charges of abandonment and failure to provide.

Mrs. Rosenburger's Will. Yesterday the will of Helen Rosenberger, wife of Simon Rosenberger, of Pasadena, Cal., was filed for probate. By the instrument, her cousins, Sarah D. Blackman, of

Orange, Cal., Mrs. Frank B. Seaman, of Greenville, Ill., and Clara Hussey, of Washington, were each given \$600. James Collier, of this city, was given \$300. The rest, of her estate except certain jewelry was bequeathed to her husband, who was made executor of her estate, without bonds. Hallowe'en Depredations. James Carter, Linn Fisher and Wright

#### Anderson, all colored boys, were brought before 'Squire Habich, yesterday, charged

with Hallowe'en depredations to a suburban schoolhouse, near Jackson Park. Their case was set for next Tuesday and they were released on bond. Sued for Divorce. William B. Brigham, of this city, is suing Katharine, his wife, for divorce on the

ground that she no longer loves him. Fannie C. McClellan has also filed suit for divorce from Harvey L. McClellan, who for two years, she says, has failed to provide for his family. Feminine Row.

#### Maggie Casey filed suit against Nora Buckley in the Superior Court yesterday for \$2,000 damages which she alleges are for injuries which she suffered from being beaten by the latter in a fight.

Edwards Declared Insane. Clinton Edwards, confined in the jail for criminal assault, was declared insane, yesterday, by Justices James Johnston and Milton H. Daniels and Dr. W. B. Fletcher.

## MRS. PIERCE'S DEATH.

#### Went to William Brown's Room and Died of Morphine Poisoning.

Minnie Pierce, a married woman aged twenty-six years, died of morphine poisoning at No. 21 Willard street about 9 o'clock yesterday morning. The woman was separated from her husband and made her living by doing domestic work. For some months past it appears that she has been infatuated with a man named William Brown, who roomed in the house where she died. Brown was recently discharged from the Insane Asylum. He was with Mrs. Pierce Friday night, but claims to know

nothing of her death. She walked to the door of the Willardstreet house yesterday morning and inquired for Brown. She was told that he was not in and demanded entrance to his room. She threw herself on the bed with an exclamation that she felt bad, and in a few minutes was unconscious. Dr. Durham was hastily summoned and recognized the symptoms of poison, but could do nothing for the sick woman. She died in a half

The coroner was called and had the remains taken to Hermann's morgue, where they will remain until the sister of the dead woman, Mrs. Scott Clover, of Acton, can be summoned. The Pierce woman was the mother of an infant child, which is being cared for by her sister. The man Brown in a statement to the coroner last night conveyed the impression on the officer that Mrs. Pierce had been the victim of a plot to poison her. He claims there is a man in Indianapolis who threatened recently to take the woman's life if she did not refrain from associating with him (Brown.) The coroner will order a post mortem examination of the body.

## NEGRO WITH RED HAIR.

Is in Trouble with Uncle Sam and His Wife Killed Herself on Account of It.

Deputy United States Marshal Groves, of Evansville, was here a short time yesterday in charge of Jefferson Majors, a colored prisoner, accused of impersonating federal officers. Majors was arrested and bound over by the United States commissioner at Evansville. The negro is coppercolored and has red hair. His offense consisted of impersonating postoffice inspectors, a scheme which he worked admirably for some time. His family live at Carlyle, Ill., and the prisoner states that last week when his wife learned of his arrest she procured a shotgun and killed herself. He was taken to the Noblesville jail last night.
